

8 March 1950

Mr. Wm. H. Milton, Jr.
Commercial Vice President
General Electric Company
806—15th Street, N. W.
Washington, D. C.

Dear Mr. Milton:

Thank you very much for your kindness in sending me the copy of "Electrical Developments in 1949." It is a most interesting publication and is but another example of all the work that the G. E. Company is doing to make this country a better and more convenient place in which to live.

Thank you for your thoughtfulness and, with best wishes, please believe me,

Sincerely,

via ER 8 March

STAT

NOTE FOR RECORD: Basic states: Objective of ELECTRICAL DEVELOPMENTS OF 1949, which is pleased to send, is record and description of major advances which GE engineers and scientists deem most representative of their special fields of interest. Take considerable pride in achievements of these men who are pushing back frontiers of knowledge in interest of electrical industry and nation. This is latest chapter of their story and hopes it will be interesting and useful reference. Approved For Release 2003/07/09 : CIA-RDP80R01731R001300130100-7
